

A photograph of a multi-story apartment building, likely a public housing unit. The building has a light-colored, possibly concrete, facade. On the left side, there is a prominent zig-zagging or stepped architectural feature that creates a series of balconies or terraces. The main body of the building has many smaller balconies with metal railings. A utility pole with several wires is positioned in the foreground, partially obscuring the building. The sky is overcast and grey. In the bottom left corner, a portion of another building with a tiled roof is visible. A white car is partially visible at the bottom center.
