

Oita River Cycling Road (Benten Yokose Cycling Lane)

The approximately 12.5km cycling route runs along Oita River. Why not step away from the hustle of town to feel the fresh breeze?

Oita Kenmin no Mori Cycling Center

The cycling area has a 120-meter cycling course where children can practice safely and a unicycle practice bar. Rent a mountain bike and take on the wild cycling route.

Stop! Don't ride a bike "while doing something else."

Use the lights at night.

Take a mini-trip on a Rinko!

Let's try the route on a mountain bike.

Floating island phenomenon can be seen from winter to early spring.
